# **Strategic and Innovation Research Development**

Project Title	Strategic and Innovation Research Development
	Join the VOPA team work on projects that are consequential to the future of an agency whose mission is "Keeping the Promise: Funding America's Future, One Student at a Time." This is a unique opportunity with our team to give you firsthand experience building a new FSA
Country	United States

### **Project Description**

This is a unique opportunity with our team to give you firsthand experience working with the federal government while innovating the way we do business in a fast-paced environment.

Interns will be broken up into small groups based on major, skills and interest. The groups will be led by an intern project manager who will receive direction from Federal Student Aid (FSA) mentors. Weekly meetings, assignments, deliverables and tasks will be assigned and tracked for each intern.

The areas of focus on the various projects assigned will include the following:

- ~ Economics
- ~ Project Management
- ~ Technical and Creative Skills
- ~ Higher Education Policy

#### **Required Skills or Interests**

Skill(s)
Data analysis
Data visualization
Design thinking

#### **Additional Information**

This is a great opportunity for those that are particularly interested in the startup/entrepreneurship career path and with technical and creative skills. By participating in this project you will be able to provide your student perspective and contribute to solutions that can help millions of Americans who are trying to figure out how to pay for their education and repay their student loans.

## **Language Requirements**

None
